

Competency & Values Framework (CVF)

The Competency and Values Framework (CVF) aims to support all policing professionals, now and into the future. It sets out nationally recognised behaviours and values, which will provide a consistent foundation for a range of local and national processes. This framework will ensure that there are clear expectations of everyone working in policing which in turn will lead to standards being raised for the benefit and safety of the public.

The table below details the indicators and behaviours associated with each of the competencies at **CVF level 1**. Six competencies

Each competency has three levels, with three being the most complex. These levels are not assigned to specific ranks.

Levels apply to competencies only, not values.
